Coaching & Mentoring Services

Due to popular demand, and to help Feng Shui students improve their understanding and professional practice, I now offer coaching and mentoring services to my students, and any serious Feng Shui students.

- 1. Coaching by phone or on Skype; the service will be at the rate of \$200.00/hour.*

Requirements:

- Print-out/E-mail copies of the report and photos on the specific audit sent ahead of time, so I can go over it beforehand, and not waste any time while on the phone.*
 - State the specific questions pertaining to the audit in your report*
 - There will be no print-out of my comments, it is up to the student to take notes, and/or do a recording of the conversation*
- 2. Coaching on-line; the fee is between \$100.00 to \$400.00 for this on-line service, depending on the size and scope of the project.*

Requirements:

- E-mail/mail the complete written report and photos on the audit, I will do a review on it, make any suggestions, corrections and comments on the audit, and send that back to you by e-mail.*
- This service is easier to keep track, as well as for keeping a record of all the questions and answers, so there is totally no misunderstandings.*
